

# What to Look For

LOOK FOR:

## GRADE SPANS

AYP is determined for each Grade Span.

Depending on grades served, a System or School will have one or both – "K-8" and/or "HS".

LOOK FOR:

## MET AYP

For each Grade Span, there is a row containing the current year's final "Met AYP" status.

At the SCHOOL level: BOTH Grade Spans must meet AYP for the School to meet AYP.

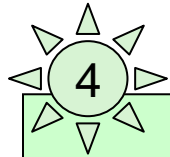

At the SYSTEM level: BOTH Grade Spans must fail the same indicator to fail AYP.

LOOK FOR:

## FINAL RESULTS

For each Grade Span, there are 5 rows containing a current year "Final Result" which are used in determining AYP. Within each grade span there are 2 rows for MATH, 2 for READING, and 1 for the ADDITIONAL INDICATOR.

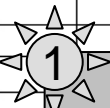

LOOK FOR:

## SAFE HARBOR

Beginning with the "White" SUBGROUP, these cells in the additional indicator final status rows are ONLY USED to report if the Additional Indicator has been met. These cells are ONLY USED in determining IF Safe Harbor can be met AFTER eligibility is determined.

Within each grade span, there are two safe harbor rows, "SH Math" and "SH Read". In each row, look for "Met", "Eligible", "Not Eligible", and "Not Met".
